Purpose and History

Ohio has required sex offenders to register since 1963, but the modern era of sex offender registration and notification (SORN) laws began in the 1990s.

In 1994, Congress enacted, as part of a broader federal crime act, the Wetterling Act, named for 11-year-old Jacob Wetterling, who was abducted at gunpoint as he rode his bike home from a convenience store in 1989.¹ The Wetterling Act established minimum standards for states' sex offender and child-victim offender registration programs. The basic requirements included registering offenders for at least 10 years, informing them of their obligation to register upon release, and requiring their addresses to be periodically verified.

Also in 1994, 7-year-old Megan Kanka was abducted, raped, and killed by her neighbor, a convicted sex offender. The community was not aware of the neighbor's criminal past. To remedy that, New Jersey passed Megan's Law, which requires sex offenders to register with local officials, who then notify the community of the sex offender's presence. It became a model for a federal law of the same name passed in 1996.² The federal registration and notification laws are meant to protect children and communities by keeping track of offenders and by giving the public information so that they may protect themselves.

Today, all 50 states have sex offender registration laws. The majority — including Ohio — also require some form of community and victim notification.

Ohio adopted its own version of Megan's Law in 1996 to protect Ohioans and to comply with the federal legislation.³ Ohio's SORN law is designed to provide the public with adequate notice and information about convicted sex offenders and child-victim oriented offenders in the community.⁴

SORN has been amended several times since its original enactment in 1996. One of the first significant changes was under Senate Bill 3, which extended SORN registration requirements to juveniles who were between 14 and 17 years old when they committed an offense on or after Jan. 1, 2002.⁵

¹ For an overview of the history of the Wetterling Act and Megan's Law, see *State v. Bodyke*, 126 Ohio St.3d 266, 2010-Ohio-2424, 933 N.E.2d 753, ¶¶ 3–7. Jacob Wetterling's disappearance went unsolved for decades, until investigators linked his disappearance and other attacks to an offender who confessed and is now in prison.

⁴ See ORC 2950.02, which sets forth the legislative determinations and intent to provide information to protect public safety.

⁵ Laws pertaining specifically to juvenile offenders can be found at ORC 2152.82–.86; additional duties are set forth in the adult provisions, ORC 2950.01 et seq.

SORN was substantially modified again in legislation that became effective July 31, 2003. The 2003 changes added a new category of offenses — child-victim oriented offenses, — created a class of offenses that are presumed not to require registration, prohibited registered offenders from living within 1,000 feet of a school, and increased the penalties for registration violations.⁶ The Legislature also directed the Ohio Attorney General's Office to establish and maintain an online public database that contains information on registered offenders.⁷ Known as "OffenderWatch," the database can be searched by name, county, ZIP code, and school district. More changes were made in April 2005 to address the registration duties of homeless offenders, authorize local prosecutors to evict offenders who are violating residency restrictions, and clarify the sexually violent predator sentencing law.⁸

The most substantial changes to the SORN laws were enacted in 2007, when the Ohio General Assembly passed Senate Bill 10, which implemented the federal Adam Walsh Child Protection and Safety Act of 2006. The federal law required the classification of sex offenders into three tiers based on the offense of conviction. The offenders are categorized based on the severity of the offense as designated by the Ohio Adam Walsh Act, which repealed the previous seven-category classification that Ohio had used. Risk-assessment was removed as a method to categorize offenders, although repeat-offender status may influence the tier to which a sex offender is assigned.

The Ohio Adam Walsh Act also broadened the category of offenses that qualify as sex offenses. Child enticement, unlawful restraint, menacing by stalking, and abduction offenses have been amended to include a sexual motivation element that would require offenders to register. As of Jan. 1, 2008, possession of child pornography qualifies as a registration offense. Finally, the Ohio Adam Walsh Act changed the registration and notification process by requiring additional information be gathered from the registrants, and it changed the frequency and duration of registration.

In 2016, Congress enacted International Megan's Law to Prevent Child Exploitation and Other Sexual Crimes Through Advanced Notification of Traveling Sex Offenders.⁹ Under International Megan's Law, covered sex offenders must provide international travel information to the appropriate official for inclusion in the sex offender registry. Such travel information includes the sex offender's anticipated dates and places of departure, arrival, or return; carrier and flight numbers for air travel; destination country and address; and contact information. The law also requires sex offenders to receive a unique identifier to be placed on their passports, indicating that they are sex offenders.

Ohio's SORN statutes are supplemented by administrative rules that set forth certain procedures and responsibilities of law enforcement, school administrators, and agencies charged with carrying out the SORN laws.¹⁰

Notably, because Ohio's SORN laws have changed through the years, many laws apply to offenders differently based on when they were classified and what law was in effect at that time. To start, Ohio's modern 1996 SORN applies only to those Ohio adult offenders who were incarcerated, under supervision, or convicted of an offense on or after July 1, 1997. Any adult offenders who had completed their sentences before that date are not subject to SORN requirements. For juveniles, the system started in 2002; that is, SORN applies only to those who committed an offense on or after Jan. 1, 2002, and were at least 14 years old at the time of the offense. Further, pre-Adam Walsh Act offenders (offenders who committed their offense before Jan. 1, 2008) retain the same classification and associated registration and notification requirements that were in effect at the time at which they committed their offense.¹¹ Other timing-based details are listed in this manual: For example, the restrictions on living near schools apply only to offenders convicted after July 1, 2003, and the restrictions on living near preschools and day care centers apply only to those convicted after July 1, 2007. Some of those date-based differences were established by statute, and some resulted from court decisions.

Likewise, some SORN provisions, whether date-based or otherwise, are still being litigated, and courts might interpret particular statutes in different ways. If a provision's meaning or court application is unclear, any decision to prosecute an alleged offender under a particular statute rests with a county prosecuting attorney.

The Ohio Attorney General's Office can also help, sometimes by issuing a formal opinion on a specific issue regarding the interpretation of a statute's meaning or intent, upon request.¹² This manual is intended to provide an overview of the SORN laws and rules as they apply to juvenile and adult offenders, and to give guidance to law enforcement to ensure compliance with SORN.¹³

Offender Classifications

There are two types of offenders who must comply with SORN:

1) A **sex offender** is a person who has been convicted of, pleaded guilty to, or adjudicated delinquent by reason of committing, an offense that is either inherently sexual, or that involved a sexual motivation.

Rape, sexual battery, gross sexual imposition, importuning, and other offenses committed with a sexual motivation, such as kidnapping, are sexually oriented offenses. Further, “equivalent offenses” from other jurisdictions outside of Ohio, and attempt, conspiracy, or complicity to commit one of these offenses, are also sexually oriented offenses.¹⁴ An offender will automatically be classified as a sex offender upon being convicted of a qualifying offense.

2) A **child-victim offender** is a person who has been convicted of, pleaded guilty to, or adjudicated delinquent by reason of committing, a “child-victim oriented offense.” Child-victim oriented offenses are specified offenses committed against children younger than 18 with no sexual motivation, specifically: kidnapping, abduction, unlawful restraint, and criminal child enticement. This classification also includes attempt, conspiracy, and complicity to commit one of these offenses, and equivalent offenses from other jurisdictions.¹⁵ However, it does not apply to a parent who commits an offense against his or her own child.¹⁶ Like the classification for offenders, classification as a child-victim oriented offender is by operation of law once an offender is convicted of a qualifying offense.¹⁷

The offender is then classified into one of the three tiers described in the Adam Walsh Act. The offender’s tier classification is determined by his or her convicted offense. Each tier has different registration requirements.

¹⁴ ORC 2950.01(A).

¹⁵ ORC 2950.01(C).

¹⁶ According to the definition under ORC 2950.01(C), the victim must not be the “child of the person who commits the violation.”

Registration Duties

'Notice of Registration Duties' Form

All adult sex offenders and all adult child-victim oriented offenders must register their home, school, and work addresses, report changes in addresses, and periodically verify addresses with the sheriff in each respective county.²⁶ Offenders subject to registration will be provided with a "Notice of Registration Duties" form before their release into the community outlining these responsibilities (a separate notice form is used for juveniles). Registration duties vary depending on an offender's classification.

Typically, the sentencing judge or an Ohio Department of Rehabilitation and Correction official will provide this notice to the offender. Once the notice form is completed and signed by the offender, copies must be sent within three days to the Ohio Attorney General's Bureau of Criminal Investigation (BCI) and to the county where the offender expects to reside.²⁷ Failure to comply with registration duties is a criminal offense.

Initial Registration

All sex offenders and child-victim oriented offenders must register with the sheriff within three days of arrival in the county in which he or she plans to live, temporarily stay,²⁸ work, or attend school for three or more consecutive days or 14 aggregate days in a calendar year. Adult offenders and certain juvenile offender registrants attending school or working out of state must register with the sheriff (or any other appropriate person) upon entering that state, regardless of whether the offender or juvenile resides or has a temporary home in this state or another state.²⁹ A sex offender must comply with the following:

1. A sex offender or child-victim oriented offender is required to register in person with the sheriff of each county in which he or she establishes a residence, establishes employment, or attends school.

²⁶ Non-Public Qualified Juvenile Offender Registrants need only register their residential address. ORC 2950.11(B)(2).

²⁷ ORC 2950.03(B)(3) and (C).

²⁸ The county where an offender is "domiciled" is the county in which the offender has a fixed dwelling with the intention of remaining there and making it his/her permanent home.

²⁹ See discussion of Public Registry Qualified Juvenile Offender registrants.

2. A sex offender or child-victim oriented offender is also required to register with the sheriff after:
 - Release from a jail, workhouse, state correctional institution, or any other institution in which the offender was confined.
 - Sentencing by the court when the court's sentence does not include prison or other confinement.
 - Relocation to Ohio from another state.
 - Entering Ohio to attend school or to work.

Registration information shall include, but is not limited to, the registrant's residence address, school and work address, if applicable, and a photograph of the registrant.

Change of Address

Once an offender has registered in Ohio, he or she must make notifications to sheriffs' departments whenever he or she moves, changes schools, or takes new employment. Failure to communicate with those departments before relocating is a criminal offense. When changing addresses, schools, or employment, a sex offender and certain juvenile offender registrants must comply with the following:³⁰

1. At least 20 days before moving, he or she must give written notice of this change to the sheriff with whom the offender has most recently registered and to the sheriff in the county where the offender intends to reside.
2. At least 20 days before changing schools, he or she must give a written notice to the sheriff with whom the offender most recently registered and the sheriff in the county where the school is located.
3. No later than three days after changing employment, he or she must give written notice of this change to the sheriff with whom the offender has most recently registered and to the sheriff in the county where the offender is working.

³⁰ See ORC 2950.05.

After receiving notifications, the sheriff must comply with the following:

1. If the offender is moving out of state, the sheriff must promptly forward the new address to BCI. If the offender is moving within Ohio, the sheriff must promptly notify the sheriff in the new county where the offender is expected to reside.
2. Sheriffs must enter the change of address information electronically on OffenderWatch, which updates the state registry maintained by BCI.³¹

Note: The duty to notify of change of address applies even if the offender will be living, working, or attending school at a new location in the same county. It is a criminal offense to fail to send proper written notice of a change of address or to fail to register a new address.

Homeless/Transient Offenders

Homeless offenders or juveniles have often challenged the constitutionality of the registration laws as applied to them, arguing that their inability to secure stable housing makes it impossible for them to comply with the law.³² Transient offenders or juveniles that move to a location other than a fixed address must provide the sheriff with a detailed description of the place or places they intend to stay, which shall be considered the offenders' address until more permanent housing can be found.³³ These individuals must provide written notice to the sheriff "not later than the end of the first business day immediately following the day on which the person obtains a fixed residence address."³⁴ The law also provides that an offender can raise the affirmative defense to a charge of failing to report a change of address if he or she did not know of the new address or did not have the opportunity to report the change — for instance, due to eviction.³⁵ Sudden changes in address must be immediately reported to the sheriff in order for the offender to raise this defense.

³¹ See OAC 109:5-2-02.

³² For instance, see *State v. Parrish*, 5th Dist. Licking No. 00-CA-0070, 2000 Ohio App. LEXIS 5995 (Dec. 18, 2000); *State v. Beasley*, 8th Dist. Cuyahoga No. 77761, 2001 Ohio App. LEXIS 4353 (Sept. 27, 2001).

³⁴ ORC 2950.05(A).

³⁵ ORC 2950.05(G).

Periodic Address Verification

1. A Tier III offender must verify a current residence, school, and work address every 90 days from the first registration date by personally reporting to the respective sheriff's office.
 - A Tier III offender must provide accurate information to the sheriff for the completion of the sex offender's registration requirements.
 - A Tier III offender must continue to verify registration information every 90 days for life.
2. A Tier II offender must verify registration information every 180 days after the initial registration date.
 - A Tier II offender must report in person to the sheriff of the county where the offender's residence is located.
 - A Tier II offender must provide accurate information to the sheriff for the completion of the registration.
 - A Tier II adult offender must continue to verify registration information every 180 days for 25 years; a Tier II juvenile offender must verify every 180 days for 20 years.
3. A Tier I offender must verify registration information once every year after the initial registration date.
 - A Tier I offender must report in person to the sheriff of the county in which the offender resides.
 - A Tier I offender must provide accurate information to the sheriff for the completion of the registration.
 - A Tier I adult offender must continue to verify registration information once every year for 15 years; Tier I juvenile offenders must verify once a year for 10 years.

Responsibilities of the Sentencing Court

Pursuant to ORC 2950.03(A)(2), the sentencing court must:

1. Provide the Notice of Duty to Register Form to the offender at the time of sentencing.
2. Ensure that the offender reads, understands, and signs the form.
3. If the offender is a juvenile, ensure that the juvenile and the juvenile's parents read, understand, and sign the form.
4. If the offender or juvenile is unable to read, inform the offender or juvenile and the juvenile's parents of the form and certify that the offender or juvenile and juvenile's parents indicated their understanding.

The sentencing court must then complete the Notice of Duty to Register Form and:

1. Give the green copy to the offender.
2. Send the pink copy to the sheriff of the county in which the offender expects to reside upon release.
3. Send the yellow copy to the sheriff of the county in which the offender was convicted or the case was adjudicated.
4. Send the white copy to BCI within three days.
5. Retain the gold copy.

If the offender or juvenile is being incarcerated, a law enforcement officer must be present to escort him or her to the sheriff's office for preregistration.

If the offender or juvenile is not being incarcerated, the sentencing court must advise the offender or juvenile to report in person and register with the sheriff of the county in which he or she:

1. Expects to reside (within three days of residency).
2. Is employed (within three days of employment).
3. Attends school, including institutions of higher education (within three days of enrollment).

Responsibilities of the Department of Rehabilitation and Correction and the Department of Youth Services

At the time of release of an offender or juvenile with a duty to register, the Department of Rehabilitation and Correction (DRC) or the Department of Youth Services (DYS) must:³⁶

1. Complete the Explanation of Duty to Register Form 10 days before his or her release and:
 - Ensure that the offender reads, understands, and signs the form.
 - Give the green copy to the offender.
 - Send the pink copy to the sheriff of the county in which the offender expects to reside upon release.
 - Send the yellow copy to the sheriff of the county in which the offender was convicted or the case was adjudicated.
 - Send the white copy to BCI within three days.
 - Retain the gold copy.
2. Advise the offender or juvenile to report in person and register with the sheriff of the county in which he or she:
 - Expects to reside (within three days of residency).
 - Is employed (within three days of employment).
 - Attends school, including institutions of higher education (immediately)
3. Complete a red Sex Offender Fingerprint Card and:
 - Provide all requested information and obtain the offender's or juvenile's fingerprints.
 - Attach the Sex Offender Fingerprint Card and the offender's or juvenile's photograph to the copy of the Explanation of Duties to Register Form being sent to BCI.
 - Attach another fingerprint card and photograph to the copy of the form being sent to the sheriff of the county in which the offender or juvenile expects to reside.
4. Have a parole officer verify, within three days of release, that the offender or juvenile is registered pursuant to ORC 2950.04 or 2950.041.³⁷

³⁶ This only applies to juveniles that the sentencing court has determined have a duty to register. See the section on juveniles for a more detailed explanation.

³⁷ See ORC 2950.042.

Responsibilities of the Sheriff

Upon initial registration, the sheriff must:

1. Complete a criminal history check to ensure the offender is required to register.
2. Complete the red Sex Offender Fingerprint Card.
3. Ensure that the offender reads, understands, and signs the fingerprint card.
4. Ensure that the fingerprint card has both a BCI and FBI number.
5. If the offender does not have an FBI number, complete the FBI Fingerprint Card and forward it to BCI.
6. Submit the fingerprints and photograph to BCI electronically through OffenderWatch.
7. Complete the Explanation of Duties to Register Form, unless the offender and sheriff have both received a copy from either the Department of Rehabilitation and Correction or the sentencing court.

At the time of an offender's periodic verification of address, the sheriff must:

1. Obtain a new photograph (a new fingerprint card is not needed).
2. Forward the offender's photograph and updated information electronically to BCI through OffenderWatch.

Additionally, the sheriff may periodically verify that the offender's address exists or that the offender resides at that address.

If an offender fails to register pursuant to ORC 2950.06, the sheriff must:

1. Send a warning letter to the offender at the last reported address of the offender by non-forwardable mail. The letter must:
 - Notify the offender of his or her duty to register a new address or verify a current address.
 - Advise the offender that failure to register or verify the offender's address with the sheriff, within seven days of the date of the letter, will result in the offender being arrested for failing to register, failing to provide a change of address, or failing to periodically verify current address.

If an offender fails to register within seven days of the date of the warning letter, the sheriff must:

1. Seek a warrant for the offender's arrest.
2. Forward a copy of the warning letter and the warrant to BCI.

Responsibilities of the Bureau of Criminal Investigation

The Bureau of Criminal Investigation must:

1. Operate the state's website of registered offenders and law-enforcement database of registration data on offenders, OffenderWatch.
2. Distribute the Notice of Duty to Register Forms.
3. Serve as the state's contact for the National Sex Offender Registry.
4. Enter sex offender information into the state's searchable electronic fingerprint database, the Automated Fingerprint Identification System (AFIS).
5. Deactivate names from the state and federal registry after the registration requirement ends.
6. Notify another state when an offender indicates his or her intent to move to that state.
7. Notify the sheriff when an offender indicates that he or she is moving into that sheriff's county.

The defendant, John Doe, being a person required to register with the _____ County Sheriff's Office in _____ County, Ohio, within three days of coming into this county in which he resides or is temporarily domiciled for more than three days, pursuant to ORC 2950.04, did fail to so register between the dates of _____ and _____.

Failure to provide change of address – ORC 2950.05(F)(1)

The defendant, John Doe, being a person required to register with the _____ County Sheriff's Office in _____ County, Ohio pursuant to ORC 2950.04, did fail to provide written notice of a residence address change to the sheriff's office in _____ County, Ohio, the office with whom he had most recently registered, at least twenty days before changing his/her address, between the dates of _____ and _____.

Failure to provide change of address – ORC 2950.05(F)(2)

The defendant, John Doe, being a person required to provide a notice of a new residence address pursuant to ORC 2950.05(B) did fail to provide written notice of a residence address change to the County Sheriff's Office in _____ County, Ohio, the county in which the offender's new residence address is located, at least twenty days before changing his residence address, between the dates of _____ and _____.

Failure to verify – ORC 2950.06(F)

The defendant, John Doe, being a person required to verify a current residence with the County Sheriff's Office of _____, Ohio in _____ County, Ohio address pursuant to ORC 2950.06 by _____, the date required for verification, did fail to so verify on that date, and did continue to fail to verify after the sheriff sent a written seven day warning to the defendant at his last known address pursuant to ORC 2950.06(G).

Penalties Pursuant to ORC 2950.99

A violation of any of the above duties is assessed based on the degree of the most serious original registration offense committed by the offender, that is, the offense that triggered the registration duty. If the most serious original crime was a felony of the first, second, third, or fourth degree, a violation of the above duties is a felony of the same degree as the original crime. If the most serious original registration offense was a felony of the fifth degree or a misdemeanor, a violation of the above duties is a felony of the fourth degree.

For later “failure to register” offenses, if the most serious original crime was a felony of the first, second, or third degree, a violation of the above duties is a felony of the same degree as the original crime. If the most serious original registration offense was a felony of the fourth or fifth degree, a violation of the above duties is a felony of the third degree. If the most serious original registration offense was a misdemeanor, a violation of the above duties is a felony of the fourth degree.

For a second “failure to register” conviction, if the failure amounts to a felony of the third degree or above, a mandatory minimum three year prison sentence is to be imposed. A prior juvenile adjudication for failure to register can be considered for this enhanced penalty.

Providing False Information

If an offender registers, notifies of a change of address, or verifies his or her address, but provides false information, law enforcement should consult with the local county prosecutor about possible charges of falsification³⁸ or obstructing official business³⁹ in addition to failure to register⁴⁰ and/or failure to provide change of address.⁴¹

Juvenile Offender Registrants (JOR)

The laws pertaining to juvenile sex offenders and child-victim oriented offenders can be found in ORC 2152.82 et seq. and overlap with the adult provisions under 2950.01 et seq.⁴² Juveniles adjudicated delinquent are subject to similar registration and notification requirements as adult offenders. However, different rules apply to juveniles, to afford juveniles certain rights and protections not available to adults, in keeping with the purpose of juvenile dispositions.⁴³ These differences, covered in more detail below, include:

- The length of registration for a Tier I and Tier II juvenile offender is shorter.
- A juvenile younger than 14 is not subject to SORN registration.
- The juvenile court has discretion, in certain circumstances, to require registration for a juvenile offender ages 14 or 15.
- When a juvenile is given a duty to register, the juvenile court has discretion to classify the juvenile as Tier I, Tier II, or Tier III.
- If a juvenile is classified as Tier III, the juvenile court has discretion whether to require victim and community notification.
- A juvenile has more opportunities to petition the court to modify or terminate his or her duty to register.

Length of Registration for Juvenile Offenders

A juvenile adjudicated as a Tier I offender must register for 10 years, as opposed to a Tier I adult offender, who must register for 15 years.⁴⁴ A juvenile adjudicated as Tier II must register for 20 years, as opposed to a Tier II adult offender, who must register for 25 years.⁴⁵ A juvenile adjudicated as Tier III must register for life.⁴⁶

⁴² Though ORC 2152.86 can still be found in the Revised Code, it was ruled unconstitutional in *In re C.P.*, 2012-Ohio-1446, 131 Ohio St.3d 513. Specifically, the Ohio Supreme Court held that, “to the extent that it imposes [mandatory, lifetime sex-offender registration and notification] requirements on juvenile offenders tried within the juvenile system, ORC 2152.86 violates the constitutional prohibition against cruel and unusual punishment contained in the Eight Amendment to the United States Constitution and the Ohio Constitution, Article I, Section 9, and the Due Process Clause of the Fourteenth Amendment to the United States Constitution and the Ohio Constitution, Article I, Section 16.” *Id.* at ¶ 1.

Juveniles Subject to SORN Registration Duties

A juvenile will be subject to SORN registration duties only if:

1. The juvenile has been adjudicated delinquent of a qualifying offense (Qualifying offenses for juveniles are the same as those for adults).⁴⁷
2. The juvenile was at least 14 years of age at the time of the offense.
3. The offense was committed on or after Jan. 1, 2002.
4. The juvenile court has imposed registration duties.⁴⁸

Discretionary vs. Mandatory Classification

Some juveniles are subject to mandatory registration duties, as opposed to leaving it to the juvenile court's discretion. Whether a juvenile must register depends on the age of the juvenile⁴⁹ and whether the juvenile has previously committed a sexually oriented or child-victim oriented offense, as detailed below.⁵⁰

Initial Classification

Discretionary Classification: Youthful First Offenders

The juvenile court judge has discretion to impose registration duties on a juvenile adjudicated delinquent of a qualifying offense if:

1. The act for which the child is adjudicated a delinquent child is a sexually oriented offense or a child-victim oriented offense that the child committed on or after Jan. 1, 2002.
2. The child was 14 or 15 years of age at the time of committing the offense.
3. The court was not required to classify the child as a juvenile offender registrant (JOR).⁵¹

A hearing to determine whether to classify a juvenile will be held at the time of disposition, or upon the juvenile's release from a secure facility. Factors for the court to consider in making the determination include:

1. The nature of the offense.
2. Whether the child has shown any genuine remorse or compunction for the offense.
3. The public interest and safety.
4. The factors set forth in ORC 2950.11(K); "offender" shall be construed as "delinquent child" for purposes of this section. (These are the factors the court considers for removing the community notification requirements.)
5. The factors set forth in ORC 2929.12(B) and (C); felony sentencing factors.
6. The results of any treatment provided to the child and of any follow-up professional assessment of the child.⁵²

At this hearing, the juvenile court can either decline to classify the juvenile as a JOR or issue an order that classifies the juvenile as a JOR.⁵³

This hearing is separate from the hearing held under 2152.831 determining the juvenile's Tier classification. A Tier classification hearing will be held only if the juvenile court issues an order classifying the juvenile as a JOR.

⁵¹ ORC 2152.83(B).

⁵² ORC 2152.83(D).

⁵³ ORC 2152.83(B)(2).

If classified as a JOR, the court must provide written notice of the juvenile's registration duties to the juvenile and the juvenile's parents, guardian, or custodian.⁵⁴ A parent, guardian, or custodian may be prosecuted for the offense of contributing to the delinquency of a minor if the juvenile fails to comply with SORN.⁵⁵

Mandatory Classification: Older First Offenders and Repeat Offenders

Mandatory classification of a juvenile adjudicated delinquent for a qualifying offense applies when:

1. The act for which the child was adjudicated a delinquent child is a sexually oriented offense or a child-victim oriented offense that the child committed on or after Jan. 1, 2002.
2. The child was 16 or 17 years old at the time of the offense.
3. The court was not required to classify the child as a juvenile offender registrant (JOR).⁵⁶

Or

1. The act for which the child is adjudicated a delinquent child is a sexually oriented offense or a child-victim oriented offense that the child committed on or after Jan. 1, 2002.
2. The child was 14, 15, 16, or 17 years old at the time of committing the offense.
3. The court has determined that the juvenile was previously adjudicated a delinquent child for committing any sexually oriented offense or child-victim oriented offense, regardless of when the prior offense was committed and regardless of the child's age at the time of committing the offense.
4. The court is not required to classify the child as a JOR under ORC 2152.86.⁵⁷

An order classifying a juvenile as a JOR under these circumstances shall be issued at the time of disposition if the juvenile is a repeat offender.⁵⁸ If the juvenile is a first-time offender and age 16 or 17, the JOR classification can be made at disposition or upon release from the Ohio Department of Youth Services.⁵⁹ The court shall conduct a hearing under ORC 2152.831 to determine what tier classification will be imposed.

⁵⁷ ORC 2152.82(A).

⁵⁸ ORC 2152.82(B).

⁵⁹ ORC 2152.83(A).

If the juvenile is classified as a JOR, the court must provide written notice of the juvenile's registration duties to the juvenile and the juvenile's parents, guardian, or custodian.⁶⁰ A parent, guardian, or custodian may be prosecuted for the offense of contributing to the delinquency of a minor if the juvenile fails to comply with SORN.⁶¹

Tier Classification Hearing Under ORC 2152.831

If the juvenile is classified as a JOR, the court shall conduct a hearing to determine which tier classification will be imposed. A juvenile court has discretion regarding in which tier it places a juvenile offender registrant (JOR). While the Ohio Revised Code does not address what factors juvenile courts should consider to determine the tier classification for a juvenile offender registrant, it appears that juvenile courts may place the juvenile offender into any tier, regardless of the offense. Courts may wish to consider the factors listed in ORC 2152.83(D), but are not required to do so.

The definitions for a Tier I, Tier II, and Tier III sex offender/child-victim offender are offered in ORC 2950. If a juvenile is classified as a Tier III JOR, the court may choose to impose victim and community notification.⁶²

Reclassification

Mandatory Hearing

After the initial classification hearing, the juvenile court must hold a reclassification hearing at the end of disposition.

At the hearing the court must:

1. Review the effectiveness of disposition and of any treatment provided for the juvenile.
2. Determine the risks that the juvenile might re-offend.
3. Determine whether to continue, modify, or terminate the juvenile's classification.⁶³

⁶⁰ ORC 2152.83(C)(3).

⁶¹ ORC 2950.03(B)(2)(c)(ii).

⁶² ORC 2152.83(C)(2).

⁶³ ORC 2152.84(A)(1).

When that hearing ends, the court, in its discretion and after consideration of all relevant factors, including but not limited to, the factors listed in ORC 2152.83(D), shall do one of the following:

1. Continue the original classification order.
2. If the classification was initially a discretionary order under ORC 2152.83(B), terminate classification and duty to register.
3. If the classification was initially an order under ORC 2152.82 or 2152.83(A) or (B), enter an order that continues classification as a JOR, but modifies the Tier classification to a lower tier level, if applicable.⁶⁴

If the court modifies the original order, the court must notify BCI of any change in classification; BCI will then promptly notify the sheriff in the county where the juvenile resides.⁶⁵

If a juvenile's classification is removed, SORN registration duties terminate upon the court's entry of the determination. The juvenile and the juvenile's parents, guardian, or custodian shall also receive notice of any change in classification and associated change in registration duties.⁶⁶

Reclassification Hearing on Petition

After the first reclassification hearing, the juvenile may ask the court for further reclassification or to have the classification removed. Petitions for rehearing may be filed at the following intervals:

1. Not earlier than three years after the mandatory reclassification hearing after disposition.⁶⁷
2. Not earlier than three years after the court has ruled on the first petition.⁶⁸
3. Thereafter, the juvenile may file a later petition five years after the judge has ruled on the second petition.⁶⁹

⁶⁷ ORC 2152.85(B)(1).

⁶⁸ ORC 2152.85(B)(2).

⁶⁹ ORC 2152.85(B)(3).

At each later hearing, the court may review the prior classification or determination in question and may consider all relevant factors and information in determining whether to deny or grant a petition.⁷⁰ The juvenile offender registrant may be reclassified or have the classification removed, in the same manner as described under the mandatory reclassification hearing.

If no change is made in classification, the juvenile must continue registration for the designated period. Registration duties are not affected by the juvenile turning age 18 or 21.⁷¹

Juvenile offender registrants will not be posted on OffenderWatch, a public notification website administered by BCI.

Public Records and OffenderWatch

Any statements, information, photographs, fingerprints, or materials provided by an offender or delinquent child in accordance to his or her duties to register, which are in possession of a county sheriff, are public records that are open to public inspection and shall be included in the Internet sex offender and child-victim offender database.⁸⁸ However, the sheriff shall not disseminate by the Internet any of that information regarding juvenile offenders.

The information contained in the BCI records regarding the offender are not public records and are not open to the public.⁸⁹ Under ORC 2950.08, this includes the statements, information, photographs, fingerprints, and material required under Ohio law in compliance with the offender's duty to register.

However, the following people are allowed to inspect such records:

1. A regularly employed peace officer or other law enforcement officer.
2. An authorized employee of BCI.
3. An employee of the Bureau of Motor Vehicles for the purpose of verifying and updating any of the information provided, upon the request of BCI.

Furthermore, these restrictions do not apply to any information currently contained on the OffenderWatch online database on the Attorney General's website (<http://www.icrimewatch.net/index.php?AgencyID=55149>).

The easiest way for the public to obtain information about sex offenders in their area is by accessing the OffenderWatch website. The database includes the offender's name; addresses of school, work, and residence; the crime for which the offender was convicted; and the offender's classification. The database is searchable by name, county, and ZIP code and can provide a map showing all offenders living within a quarter-mile to 5 miles of a specified address. Members of the public may also sign up to receive an email whenever a registered offender moves within 1 mile of a specified address.

The bureau shall not include on the public database the offender's Social Security number, the name of any school or institution of higher education attended by any offender or public registry-qualified juvenile offender registrant, the name of the place of employment of any offender or public registry-qualified juvenile offender registrant, any tracking or identification number used by BCI or the FBI, or the offender's driver's license/CDL number.

⁸⁹ ORC 2950.08.

Law enforcement personnel may access a special version of OffenderWatch, not accessible to the public, through the Ohio Law Enforcement Gateway (OHLEG). This law-enforcement-only site is mandated by ORC 2950.13 (A)(13), which states: “The database is not a public record open for inspection under section 149.43 of the Revised Code and shall be available only to law enforcement representatives as described in this division. Information obtained by local law enforcement representatives through use of this database is not open to inspection by the public or by any person other than a person identified in division (A) of section 2950.08 of the Revised Code.”

Frequently Asked Questions

Registration

Question 1: Who is required to register under SORN?

Answer: In addition to sex offenders, offenders who commit certain nonsexual offenses against children, such as kidnapping, are also required to register. This type of offender is labeled a “child-victim oriented offender,” and is subject to the same registration and restrictions as a sexually oriented offender. Ohio also has an Arson Registry, for which those convicted of arson offenses must register.

Question 2: If an offender is reincarcerated during the registration period, how does that affect the offender’s registration duties?

Answer: Under ORC 2950.07(D), the duty to register is tolled during the time the offender or juvenile is returned to confinement, and resumes upon the offender’s release into the community.

Question 3: What are the reasons that a sex offender may not appear on the public website?

Answer: The offender’s duty to register may have expired or been removed by a court, he or she may have moved out of state or could currently be incarcerated, or the offender may have been a juvenile at the time the offense was committed.

Question 4: Is a sex offender automatically removed from the registry when his or her duty to register expires?

Answer: Yes. Once an offender reaches the end of his or her duty to register, the local sheriff’s office will change the status of the record to reflect that the duty to register has expired. The sheriff’s office may also give the offender a letter confirming the registration period has expired.

Question 5: Are all sex offenders required to register for life? What are the different classifications/lengths to register in Ohio?

Answer: Not all sex offenders are required to register for life. Tier I sex offenders and child-victim offenders must register annually for 15 years. A Tier I delinquent child offender must register for 10 years under ORC 2950.07(B)(3).

Under ORC 2950.15(C)(1), Tier I sex offenders and child-victim offenders may move a court of common pleas to terminate the offender's duty to register 10 years after the offender's duty to register begins.

Tier II sex offenders and child-victim offenders must register every 180 days for 25 years. A Tier II delinquent child offender must register for 20 years under ORC 2950.07(B)(2).

Tier III sex offenders and child-victim offenders, including a Tier III delinquent child, must register every 90 days for life. The lifetime registration requirement cannot be removed or terminated for Tier III offenders under ORC 2950.07(B)(1).

Sexual predators and aggravated sexually oriented offenders under Megan's Law (pre-Adam Walsh Act) must register for life.

Juvenile Registrants

Question 6: Can information on juvenile offender registrants be posted on the Internet database once the juvenile turns age 18?

Answer: No. Even if the juvenile is still required to register upon turning age 18, he or she is still considered to be a "juvenile offender registrant," not an adult offender.

Question 7: How can I view juvenile sex offender information?

Answer: Juvenile sex offender information is not publicly available on the Attorney General's OffenderWatch online database or on the county sheriff's online public registry database. But you can visit your local sheriff's office to obtain information on juvenile offenders in your county.

Registration of Out-of-State Residents

Question 8: If an offender visits Ohio or moves to Ohio, what is his or her duty to report or register?

Answer: An offender or juvenile adjudicated as delinquent in another state must register in Ohio if he or she moves to, resides in, or is temporarily domiciled in Ohio for more than three days, enters the state to attend a school or institution of higher education, or is employed in Ohio under ORC 2950.04(A)(4).

Question 9: When an offender visits or moves to Ohio, how soon does he or she have to register?

Answer: An offender who committed his or her offense before Jan. 1, 2008, must register within five days of coming into a county where he or she is staying for five or more days. If this type of offender has worked in a county for 14 consecutive days or 30 days in a calendar year, he or she must register with the sheriff.

An offender who committed his or her offenses after Jan. 1, 2008, must register within three days of being in a county for three or more days, or for work purposes, if he or she has been in the county for 14 or more total (not necessarily consecutive) days in a calendar year.

An offender in either category (that is, regardless of date of offense) must register with the local sheriff immediately upon entering a county in which he or she attends school or an institution of higher education.

Question 10: Do all offenders from other states have a duty to register in Ohio?

Answer: No. Depending on their offense and duty to register in their original jurisdiction, some offenders might not have a duty to register while in Ohio.

Proximity to Children

Question 11: Can a sex offender attend events or places at which children are present, such as youth sports games, recreation centers, school programs, carnivals, libraries, public pools, playgrounds, and more?

Answer: No state law prevents this, but local ordinances may be stricter than state law. Additionally, an individual offender may have more restrictions placed on him or her through community control provisions, parole conditions, or through a plea agreement in court.

Question 12: Can a sex offender reside with young children?

Answer: Yes, unless the offender is subject to community control and the conditions of the community control prohibit it.

Question 13: Can a sex offender live near a school or day care?

Answer: Under 2950.034(A), an offender convicted on or after July 1, 2007, is not permitted to reside within 1,000 feet of any school, preschool, or child day care center. An offender convicted between July 31, 2003, and July 1, 2007, cannot reside within 1,000 feet of any school premises. An offender convicted before July 31, 2003 is not restricted from living near a school or day care.

Question 14: What happens if an offender is living within 1,000 feet of a school or day care?

Answer: No criminal penalty applies for violating the 1,000-foot rule. The remedy for this violation is a civil injunction, which can be sought by a county or city prosecuting attorney or law director.

Tier III offenders may be exempt from this requirement upon court approval.⁹⁰ Habitual offenders, sexual predators, and aggravated sexually oriented offenders as defined under Megan's Law are also subject to the community notification provisions.⁹¹

Question 16: How can I search for offenders residing or working in my neighborhood?

Answer: All adult registered sex offenders are listed in the OffenderWatch Sex Offender Registry database available on the Attorney General's website, which can be found at: www.icrimewatch.net/index.php?AgencyID=55149.

Answer: Members of the public may submit tips or report inaccurate information to their county sheriff's office.

⁹⁰ ORC 2950.11(F)(2).

⁹¹ See ORC 2950.11 (2006).

Question 19: Who is responsible for the sex offender information on the Attorney General's public sex offender website? What if other websites have different information?

Answer: The information on the Attorney General's website comes directly from law enforcement and is updated daily. Other websites might not be as current as the Attorney General's website.

Employment

Question 20: Can a sex offender work around children?

Answer: It depends. Certain professions prohibit sex offenders from working with children.

Question 21: What type of employment is prohibited for sex offenders?

Answer: See above.

Miscellaneous

Question 22: Is it possible to remove a sex offender from my neighborhood?

Answer: If you believe that an offender is living too close to a school or day care, you should first contact your local sheriff's office for more information.

If a registered sex offender is in violation of the rule against living within 1,000 feet of a school, preschool, or child day care center, then an owner or lessee of real property located within 1,000 feet of those premises may sue to ask a court to order the offender to move. The municipality where the offender lives can also sue the offender.
